28th Feb 2013

1   Parameter Fits

Ignore the log lables on the y-axes. These are referring to the fit, not the axis and shouldn't be there.

## 1.1   Alpha

1.1.1   Linear Fit

Variation of Alpha with Redshift

Alpha Data
-0.01464x+-1.66423

1.1.2   Logarithmic Fit

Variation of Alpha with Redshift

Alpha Data
-0.05873log(x)+-1.64756

1.2 M^*

1.2.1 Linear Fit

Variation of M-star with Redshift

1.2.2 Logarithmic Fit

Variation of M-star with Redshift

1.3 ϕ^*

1.3.1   Linear Fit

Variation of Phi-star with Redshift

1.3.2   Exponential Fit

Variation of Phi-star with Redshift
